

HARRISON DANDRIDGE

wayles.dandridge@temple.edu | 540-855-0284 | Roanoke, VA | 24014

EDUCATION

Temple University, Philadelphia, PA

Bachelor of Arts, Geography and Urban Studies

Graduated: December 2025

GPA: 3.99 | Dean's list: Fall 2023 - Fall 2025

Relevant Coursework: GIS and Location Analysis, Environmental GIS

Professional Science Master's in Geospatial Data Science

Start: January 2026

INTERCOLLEGIATE ATHLETICS

Temple University Athletics

Philadelphia, PA

Division I NCAA Men's Soccer

August 2023-Present

- Devote 20+ hours per week to training, travel, and film analysis while balancing a full course-load and a part-time internship
- Represent the Men's Soccer team on the Student-Athlete Advisory Committee (SAAC); collaborate with other team representatives to address student-athlete concerns and enhance the athletics experience at Temple
- American Conference All-Academic Team 2023/24, 2024/25

WORK EXPERIENCE

Paces

Remote

Environmental Data Intern

Oct 2025-Dec 2025

- Sourced and cataloged environmental datasets from state geospatial clearinghouses, documenting REST service links, agency sources, and key field definitions
- Analyzed and collected state-level geospatial data to inform critical-issue analyses for prospective renewable energy development sites
- Collaborated weekly with a team of five interns to refine workflows, troubleshoot recurring challenges, and coordinate on project deliverables

City of Roanoke

Roanoke, VA

GIS Intern

June 2025-July 2025

- Utilized ArcGIS Pro and ArcGIS Online tools to create maps visualizing city assets, spatial trends, and infrastructure, supporting internal maintenance, and decision-making
- Maintained and updated spatial records by cross-referencing permits and projects across TrakIT, Laserfiche, and local court databases, including easement and development changes.
- Collaborated with city staff to identify mapping needs and translated them into data-driven visualizations aligned with ongoing city development goals

VOLUNTEER EXPERIENCE

URISA GISCorps - Volunteer

Remote

September 2025-Present

- Supported disaster response to Hurricane Melissa in Jamaica as a PhotoMappers volunteer, analyzing and validating imagery to inform damage assessment and resource allocation
- Leveraged an ArcGIS Online Experience to geolocate and integrate photo data into live-updating maps, enhancing accuracy and identifying spatial clusters for emergency management teams
